Chapter One

Marshclutterbucket

It was a stormy day in Marshclutterbucket, Germany. The most terrifying place on earth. Unremarkable things happen here. It's year 2020, when we felt the ground shake.

"It's the Hindenburg Everybody dunk down" screamed my best friend Zoe.

"What's a Hindenburg" I asked.

"It's one of the most deadly monsters you can find here" she said.

"Wait, it's a monster" I asked. I was confused.

"Yeah it can blow fire because it's filled with hydrogen, and hydrogen is a gas that can catch on fire" Zoe said.

“I have some business to handle! I want everyone here at 4 pm sharp! So enjoy today it might be the last day you have.” The HINDENBURG said.

While We were Preparing for death

The Hindenburg met up with 2 former monsters. The Titanic and the Trail of Tears Quilt but everyone calls him Flu. They plotted there evil plan.

The War

The war happened mostly everyone died but Zoe and me. We hid while the monsters were planning to execute us.

“Think, what is the one thing that keeps monsters off the hunt?” said Zoe.

“Dead Man’s Stew, it includes bird feathers, chicken heads, and athlete foot toe nails” I said “I carry them on me”.

We set the terrorizing stew in front of their humungous feet.

“Were the last people on earth!” I said

Chapter 3

Katwea

Ok maybe I was overacting were the last people in Germany. But we knew they would be back I have 24 hrs left. So I traveled to Africa thanks for 24 hrs that took forever my feet are killing me. I ended up in Katwea and made new friends who are 9 years old just like Zoe and I. Katwea is tremendously hot. It was when we were meeting the Queen of Katwea I heard BOOM, BOOM, BOOM. Of course the History rejoin found me instead of ruining the people they ruined there most prized possession the Queens Portrait statue. It almost hit me.

“You” said Hindenburg the pg6

He picked us up

“Yo you’re Pathetic”

He screamed, I was terrified you can see it all in my face. He threw us across the room on to the brick wall. The monsters surrounded us and carried us to

this dungeon. They put us in a chamber and in to the water.

Chapter 4

Walking Dead

As we were struggling in the chamber the Hindenburg said.

“Let her out” said the Hindenburg “Let’s give her the big guns!”

They let me and Zoe out, then put us in chains. They opened a shed. A cute puppy came out, but I didn’t understand how that was going to torcher us.

“Ha how is that supposed to hurt us?” We teased

In a press of a button the puppy became a wolf.
Then ripped us to shreds our blood was
everywhere! There is not enough words to

describe the problem. So I drew, it take look.

” Can we please talk to
someone?”

“Sure” said Ms. Titanic it was a ga.... Ga

Stage 3

I told them to let Zoe go, then the goblin bit me and something indescribable happened! I started to bubble up, I grew huge warts, and I turned GREEN. I was a goblin.

“Great, stage 1 is complete” said the Trail of Tears Quilt.

“What is your plan anyway” I said.

Pg 9

“Stage one well you already know, stage two make you as angry as possible” he said

“Wait why?” I interrupted him.

“Ah that brings us to stage 3 make you do something so bad it will go down in history then you’ll be one of us! Tour stage 2016 were creating an army” he said

“And there’s nothing I can do about it” I said sadly.

“See, you got it you’ll do just nicely” He said.

They did procedures on me to find my inner monster. They found it alright the sound of nails on a chalkboard. I busted out of my chains.....
